

**LOCATION:**

Danvers, MA

**CLIENT:**

Town of Danvers

**PROJECT TYPE:**

On-Call Services

**PROJECT SUMMARY:**

- Transportation Related Assignments
- Traffic Management

Traffic Solutions has recently been retained by the Town of Danvers to perform transportation related assignments on an on-call basis. To date, services have included investigating anticipated traffic volumes generated by voter during the recent election, identifying locations anticipated to be most impacted and designing traffic management to accommodate the high increase in volumes through networks of roadways.
